

Glen Supreme

Technical information:
Capacity: 380 ml
Height: 116mm
Diameter: 86mm

#Infinitely fashionable with a luxurious surface

The elegant Glen mug with the luxurious touch black satin Supreme surface on the outside is an eye-catcher like no other. If current trends are no stranger to you, you already know which model to choose!

#Dark and light side of the force

The product is available in two interior colors: white and black. In addition, the white interior can be colored in any shade of your choice, consistent with the brand's color scheme.

#A class by itself

The classic and functional shape makes it easy to use the cup, and in combination with the elegant design, it makes each sip a unique experience.

#Sophisticated power of branding

Simple, dignified sides of the Glen Supreme model will perfectly expose the values of the promoted brand. Let your imagination run wild and decorate it with an original print, a colorful interior or a noble spatial decoration effect.
